

# Attention **CITIZEN**,

The city of **TASKVILLE** needs your help! **TASKVILLE** is an interactive visualization where tasks that you complete help turn your city into a thriving metropolis. We are currently recruiting hard working individuals for a user study that we are conducting to examine how effective **TASKVILLE** is on raising the awareness and productivity of its citizens. However, we need individuals like **YOU** to make this a reality!

be **AWARE**

be **PRODUCTIVE**

have **FUN**

So if you would like more information and/or want to participate in this study, please contact **Shawn Nikkila** via email at **shawn.nikkila@asu.edu** with **[taskville study]** somewhere in the subject line. More information can be found at: **<http://rl.ame.asu.edu/projects/20>**

Thank you,

**Shawn Nikkila**  
Current mayor of **TASKVILLE**
