

Join Our Faculty!

GMSV has two faculty openings in Visualization and Computer Vision. We are looking for candidates aligned with and complementing GMSV's research objectives:

- **Visualization and Imaging with emphasis on Scientific Data and Image Understanding**
- **Computer Vision**
- **Machine Learning for Visual Computing**
- **Large-Scale Image Understanding and Scientific Data Understanding and Visualization**
- **Computational Photography**
- **Bio-Image Analysis and Seismic Image Analysis**

The offers include opportunities across all tenure track ranks (Assistant, Associate, and Full Professor).

The Geometric Modeling and Scientific Visualization Center (GMSV) at King Abdullah University of Science and Technology (KAUST) is located at the Red Sea in Thuwal, Kingdom of Saudi Arabia. Our mission is to ensure that KAUST is at the forefront of Petascale Computing, Modeling, Visualization, and Immersive Environments. Our Center has established itself as an institution of international academic recognition and is committed to further its reputation in the future. For more information, visit us at <http://gmsv.kaust.edu.sa>.

Come for 365 days of sun per year, stay for unique research opportunities!

KAUST offers a rich and exciting work environment with globally competitive salaries, full benefits including pension and saving plans as well as health care, plus full relocation assistance. We provide many opportunities and time to keep work and life balanced and in harmony.

To apply, visit http://ee.kaust.edu.sa/Employment/Faculty_Employment.aspx for background information and fill out the application form at <https://sites.google.com/a/kaust.edu.sa/eetest/>

Applications received by **January 15th, 2013** will receive full consideration and positions will remain open until filled.
